

POWER OVER PAIN

### Pre-hab

Reduce pain before surgery or physical therapy.

### Activate

When there's no time to stretch, use without ice.

### Clinic Use

Treat restricted muscles and pain in-office.

### Injections

Control pain from PRP, cortisone.

Coming Soon - Low Back Pain Relief

Invented by a physician, Buzzy® and VibraCool® products combine M-Stim® and ice to block pain on contact.
